

Attestation of Security

This document certifies that a penetration test was performed on the following applications

Holy-Dis : Timesquare / My Timesquare

Based upon penetration tests, XMCO hereby confirms that :

- The applications hosted at <https://partner.saas2.timesquare.fr/tsq/> and <https://partner.saas2.timesquare.fr/tclb/> have been assessed by security experts in regards to current known attack vectors with OWASP and OSSTMM methodologies;
- No critical vulnerabilities were found on the assessed version with the provided accounts;
- A counter-assessment was performed a month after the initial audit.

Issued by XMCO on 03/25/2024

A handwritten signature in black ink, consisting of a stylized, overlapping circular shape with a long horizontal line extending to the right.
