

Attestation of Security

This document certifies that a penetration test was performed on the following application

Holy-Dis - Timesquare

Based upon penetration tests, XMCO hereby confirms that:

- The application hosted at <https://partner.saas2.timesquare.fr> has been assessed by security experts in regards to current known attack vectors with OWASP and OSSTMM methodologies;
- No critical vulnerability was found on the assessed version with the provided accounts.

Issued by XMCO on 03/02/2023

A handwritten signature in black ink, consisting of a stylized, overlapping loop and a long horizontal stroke extending to the right.

Adrien GUINAULT - CTO
