

Attestation of Security

This document certifies that a penetration test was performed on the following applications

Holy-Dis / Timesquare / My Timesquare

These applications have been counter-assessed after the initial penetration test

Based upon penetration tests, XMCO hereby confirms that:

- The applications hosted at <https://partner.saas2.timesquare.fr/tsq/> and <https://partner.saas2.timesquare.fr/tclb/> have been assessed by security experts in regards to current known attack vectors with OWASP and OSSTMM methodologies;
- No critical vulnerability was found on the assessed version with the provided accounts;
- A counter-assessment was performed a month after the initial audit.

Issued by XMCO on 26/04/2023

A handwritten signature in black ink, consisting of a stylized 'A' and a long horizontal stroke.
